LATE BRIG. GEN. (RTD.)
PROF. DR. M. MASUDUR RAHMAN KHAN
MBBS, DLO, FRCS (GLASGOW-UK), FICS(USA)
Honorable Founder Principal
MARKS MEDICAL COLLEGE & HOSPITAL
THE MARKS GROUP, Founder Chairman

CHAIRMAN'S MESSAGE

I as Chairman MARKS Medical College welcome the bright, young and dynamic students to this campus. MARKS Medical College is one of the leading non government medical college which has achieved academic excellence within a very short period of time.

Since its establishment in year 2011 it has always been our sincere effort to provide best medical education through our experienced and learned teachers. It has a 350 bed specialized hospital with all modern health care facilities. On this occasion I congratulate the 1st batch of our internee doctors on their successful completion of 5 years MBBS course. I hope they will complete their internship training with full sincerity and dedication and make themselves competent enough to be able to meet any challenges in treating patient at home and abroad and under any circumstances. They would be able to uphold moral and ethical values, be empathetic towards patients and maintain high level of professionalism.

I express my sorrow at the demise of our Founder Chairman Prof. Brig. Gen. M. Masudur Rahman Khan an Eminent-ENT Head & Neck Surgeon of the country. His early demise was a great loss for all of us but by grace of almighty we have been able to overcome it, though sincere efforts of all our staff. MARKS Medical College was his cherished dream and he always wanted to make it the best of all institutes from where best medical graduates will come out with interest for higher studies and research.

I thank you all for choosing MARKS Medical College for pursuing your future studies and wish the very best in all your future endeavors.

Begum Farida Masud
Chairman, Governing Body
MARKS MEDICAL COLLEGE
&
Managing Director
THE MARKS GROUP

PRINCIPAL'S MESSAGE

It is an immense pleasure on my part to welcome the students interested to pursue their MBBS course in MARKS Medical College (MRMC). Our institute has qualified faculty members having vast teaching experience and strong academic background. It has also created modern facilities center for producing competent medical professionals needed to respond to the requirements of the society as well as the nation.

This prospectus contains features and essential information about the college which would help willing students to know various facts & figures about the college and the course.

This college is unique with its own Academic building fully equipped teaching aids and Outdoor & Hospital facility. Library is well equipped and updated with books and national and international Journals. Students are happy and comfortable in their classes & in laboratories. Over and above the college has highly qualified, experienced, recognized skilled teachers in all the subjects.

In my belief the students who will graduate from this institution will be really good, able & skilled doctors.

Prof. Brigadier General (RTD) Dr. Md. Enamul Kabir
MBBS (Dhaka), FCPS (Surgery), FACS (USA), FICS (Plastic Surgery)
Principal
MARKS Medical College

MARKS MEDICAL COLLEGE

HISTORY

MARKS Medical College (MRMC) is considered as one of the best private medical colleges in Bangladesh. It was established in 2011 by Late Brig. General Prof. M. R. Khan an eminent ENT-Head & Neck Surgeon of the country and the founder member, whose vision for providing quality medical education, research and health care service to people of this country at reasonable cost.

The objectives of the Institute are

- To promote and provide studies in medical science leading to recognized graduate and postgraduate degrees.
- To conduct research work on the diseases prevalent in the country.
- To conduct research on medical education with the aim of raising the standard of medical education in the country.
- To provide skilled manpower in the medical field.
- To provide quality medical care and health services to people at reasonable cost

The idea of establishment of a medical college was imparting quality medical education leading to recognized medical degree, was taken as the first and foremost aim of the Institute. Through the tireless efforts of the Founder Member the dream has been realized against much odds when permission was granted by the Government of Bangladesh for establishment of the college on 2011.

MARKS Medical College started its functioning from 2011 and The Dhaka University granted affiliation to the College on 2011. Bangladesh Medical and Dental Council the highest regulatory body of Medical graduates has recognized the College. The college has a new 9 storied academic building with spacious accommodation for all the departments and adequate parking facility.

The attached Hospital is a tertiary care referral medical facility and provides excellent training to students and junior doctors. The Hospital has arrangements for 350 inpatients. It is well equipped and provides quality health care to the public at reasonable cost. The entire hospital staff is dedicated to excellence and service.

COLLEGE IN BRIEF

Background Information:

Bangladesh is a small country consisting of an area of 1,44,000 sq. kilometer and having a population of about Sixteen core is one of the under developed countries of the world. Eighty five percent of the population live in the most remote villages of which 50% people are under poverty level and cannot gain access to proper medical treatment facility due to lack of skilled medical professionals. Increased morbidity and mortality due to lack of skilled medical professional is one of the reasons besides poverty, Ignorance, hunger and malnutrition in Bangladesh. Moreover thousands of mothers and children are the victim of premature death due to lack of proper health care.

Introduction:

MARKS Medical College and Hospital is a private teaching cum healthcare delivery organization. Establishment of such an institution assists mobilization of resources for health care & manpower development, solving national problems through basic and applied research and by encouraging self reliance in mass population.

This Medical college ensures quality teaching to students under proper guidance and supervision to help enable to perform better in medical education in an appropriate environment. There are also facilities for research work which will enable them to play a role in future upliftment in the field of Medical Science in the country.

The major Area of the College Activity:

Introduction to newly designed MBBS & BDS course. Arranging training course for Nurses, Paramedical and Medical social workers. Postgraduate studies training and research leading to certificate, Diploma, Degree to the Medical Graduate Doctors and Post Graduate degrees for strictly limited number. These will be arranged when the institute will be developed for the purpose.

Location:

The College & Hospital is located at A/3, Main Road, Mirpur-14, Dhaka-1206.

Conclusion:

The College aims at improving the systems of Medical education and health care delivery with the present day concept of medical education and training in relevance to the need of the country. It is intended to bridge the gap between the need and resource for the development of health education. Maternal and child welfare and other research to assist the government in its health education and services.

ADMISSION

Admission Criteria

Candidates selected by the Directorate General of Health Services (DGHS) through a competitive examination, will be eligible for admission in Marks Medical College. Admission will be conducted on first come, first serve basis; while chronology of merit will be strictly followed. Candidates will have to undergo a medical test to prove their physical competency. Students who have passed SSC and HSC or equivalent, having at least GPA 4 individually and combined GPA-9 can apply for admission in MBBS course. Students who have passed HSC or equivalent examination two years before commencing of the session are not eligible to apply. Student with GCE O & A Level or 12th grade should have equivalent certificate from Directorate General of Health Services (DGHS) Mohakhali, Dhaka.

Prescribed admission form and prospectus will be available from the office of the Principal on payment of Tk. 1,000/- (One Thousand) only.

Admission procedure for Foreign students

A charge of US \$ 30 is applicable for the foreign students for prospectus and application form. For the foreign students information regarding admission fee, tuition fee, rules & regulations etc. are available in the college website: marksgroupbd.com or calling the Principal/ College Secretary directly at +88-02- 8033373, 9003475, 9834031, 9834034.

Selection Procedure

An Admission Committee on the basis of "admission test examination results" makes selection of the students. The admission Committee selects students purely on merit basis as per guidelines given by the office of the Director General of Health Services. Students should be medically fit.

Course and Curriculum

Course offered (MBBS) is of 5-years duration. One year internship is required for certification. The curriculum approved the University of Dhaka and BM&DC is strictly followed in the college.

MBBS Course

Pre-clinical subjects: Anatomy, Physiology and Bio-chemistry
Para-clinical subjects: Community Medicine, Forensic Medicine, Pharmacology, Pathology & Microbiology
Clinical subject: Obstetrics and Gynaecology, Medicine, Surgery and their allied subjects.

Teaching Aids

Overhead projector, Epidiascope, Multimedia projector and other audiovisual equipments, DVD are used to make assimilation easy. CME based programme, Seminars and symposiums are organized on regular basis to acquaint the students with the latest development in medical science. A student can get access to information highway through the internet facilities of the college. The departments extensively utilize the facilities for making instruction more useful and effective. The teachers make learning easy for the students with the help of audio-visual equipment and multimedia setup.

Foundation Courses

Foundation Courses on English Language and computer of three months duration are mandatory for all students and a privilege charge will have to be paid which is subject to change at any time of the academic year. The medium of instruction is English.

Teaching Methodology

The students are generally taught by lectures, clinical demonstrations, tutorials and practical ward demonstration, seminars, symposiums, workshops, field visits and residential field site training, demonstration and autopsy, as per University, BM&DC & Govt. criteria. Academic progress reports of students are sent to their guardians from time to time and kept informed about their academic and extracurricular activities.

Facilities

Well-defined academic activities are carried out in a congenial environment having adequate

- Spacious class rooms/lecture galleries
- Library
- Anatomy museum
- Physiology lab
- Community Medicine museum
- Pathology lab
- Microbiology lab
- Forensic Medicine museum
- Teacher's Lounge
- Dissection rooms
- Histology lab
- Biochemistry lab
- Community Medicine museum
- Pathology museum
- Common room
- Student Hostel (Male and Female)
- Computer lab with internet facilities
- Canteen

Department

Anatomy, Physiology, Community Medicine, Biochemistry, Pharmacology, Microbiology, Forensic Medicine, Pathology, Gynae & Obs, Surgery, Orthopedics, Medicine, Ophthalmology, Paediatrics, Skin & VD, Radiology & Imaging, Psychiatry, E.N.T, Anesthesiology

Library

Library is located in the College Building and has a collection of sufficient number of text and reference books, monographs and journals in various subjects and provides update information to students and teachers. It has user-friendly open stack easy access system. The Library has reading room, which can accommodate about 100 students at a time and also a separate teacher's reading room.

Library remains open from 8 am to 5 pm. The librarian is well-experienced with degree in library science who is assisted by assistant librarians. The library subscribes 2 indexed journals. We are in the process of developing a modern library with sufficient computers for teachers and students. They will have online access to Internet.

Internship Training

The student successfully passing final MBBS examination will have to undergo one year internship training in the college hospital (MMCH). During internship training subsistence allowance are given to the interns.

College Examination and Evaluation

The teachers of individual departments regularly assess student's learning through cards containing items of concerned subject. Card Final and Assessment Examination are regularly held at different levels throughout the year. Students will have to secure 60% marks to pass any level of examination. College authority conducts an annual examination for the students at the year end. To get promotion to the next higher level, eligibility for appearing in the professional examination needs 60% marks in the periodical examinations with at least 80% of class attendance. This institute is committed to produce quality doctors by maintaining the academic standard strictly.

COLLEGE RULES

Instructions For The Students

- Students have to carry their "IDENTITY CARDS" when in the college campus.
- Wearing of apron mandatory while inside college campus.
- Students are expected to attend classes in clear & well dressed clothes and shoes for boys.
- Fashionable dress, cosmetics, untidy hair, slippers are discouraged in the college campus.

- The students are expected to maintain the highest standard in their academic and private lives. Loss of moral and spiritual values or addiction to alcohol and narcotic drugs are punishable.
- At the time of admission into the college, students and parents/guardians will have to sign a bond that their children/ward will abide by the rules and regulations of the college.
- Every student shall provide for himself/herself all the proscribed text books, dissecting instruments, and medical equipment. The college will not supply these to the students.
- Leave: in case of illness or other unavoidable reasons of non-attendance student should submit application to the principal forwarded by departmental Head or a written application from the parent/guardian should be submitted to the principal through respective departmental head, if there is delay/problem in submission of application respective departmental head should be informed over mobile phone at earliest possible.
- Receiving private coaching from any teacher of MRMC is prohibited. If any student or his/her guardian seeks private coaching from any teacher of this institution disciplinary action will be taken as per rules of Dhaka University.
- Cost of loss/damage to college/hospital property by student will be borne by concerned student.
- Political activities are not permitted in the college.

College Administration

Principal is the Executive Head. On academic matters, he is advised by the Academic Council.

College Finance

The college is run on self-financing and non-profit basis.

Staff Selection Procedure

Teachers and staff are selected through Staff Selection Committees. Teachers have to possess qualifications as per requirements of Bangladesh Medical College and Dental Council.

Students Participation

Students are encouraged to participate in extra-curricular activities such as: Sports games, cultural activities, debating competition, wall magazine etc.

Common room activities

Literary activities such as debates, seminars, publications of Annual Magazine.

Social activities

Humanitarian services such as free blood donation and free medicine supply for poor patients, relief works during natural calamities such as cyclones, floods, epidemics etc.

Committees consisting of Teachers and Students (Teachers-Students Committees) look after these activities.

Study Tour

There is a provision for study tour in the new curriculum. The students will have to bear cost of study tour in addition to the regular tuition fees and fees at the time of admission.

Guardians Participation

Guardians Advice on the College affairs is welcome. Two guardians are members of the MRMC Governing Body.

Academic Council

Academic Council meets in every six months and whenever necessary. They discuss all aspects of academic activities and discipline of students. Academic Council is also responsible for coordination of courses and quality control of education through Academic Coordinator and Phase Coordinators.

THE HOSPITAL

MARKS Medical College Hospital is a 350 beds tertiary care medical facility and provides excellent medical, surgical, obstetrics and gynecological services. The MARKS Medical College Hospital building has been constructed as per international Standards. Modern diagnostic facilities are available and the Hospital continues to acquire sophisticated medical equipment. Renowned specialists, highly skilled nursing and support staff contribute to the reputation of this hospital as a Medical Centre of Excellence. MRMCH has over 50 specialists in different field and at least 100 junior doctors and interns working in various departments.

Services Provided

- Anaesthesiology
- Gastroenterology
- Neuro Medicine
- Psychiatry
- Cardiology
- General Surgery
- Ophthalmology
- Oncology
- Dental Surgery
- Obstetrics & Gynaecology,
- Nephrology
- Physiotherapy
- Dermatology
- Infectious Diseases
- Paediatrics
- Urology
- EarNose and Throat
- Internal Medicine
- Radiology & Imaging
- Neurosurgery
- Endocrine & Metabolic Disorders
- Orthopedics
- Respiratory Medicine
- ICU, NICU

Facilities Provided

- Coronary Care Unit
- Intensive Care Unit (**ICU**)
- Neonatal Intensive Care Unit
- Cadiac Non Invasive Laboratory
- Holter Monitoring
- Colour Doppler Echocardiography
- Exercise Tolerance Test (ETT)
- Outpatient Department (OPD)
- **CT Scan**
- Ultrasound
- Reference Pathology Laboratory
- Six Extensively Equipped Operating Theatres
- Laparoscopic Surgery
- Respiratory & Gastrointestinal Video Endoscopy
- Accident & Emergency (A&E)
- Ambulance Service
- Blood Bank
- Haemodialysis
- Oral Rehydration Therapy
- Sophisticated x-ray
- Vaccination for Children

FACILITIES FOR TRAINING

All departments have well qualified members in their teaching staff, trained in Bangladesh, United Kingdom, United States and other countries. The management and the teaching staff are highly motivated and sincerely interested in optimal patient care, and in the teaching of medical students and junior doctors. Excellent and intensive supervision is provided to them.

ACADEMIC ACTIVITIES

Students Teaching

Student teaching is guided by Assistant Professors, Associate Professors and Professors in lecture classes and also in the wards during clinical classes. Students are placed in small groups, small group teaching and proper feedback from students are ensured through lecturers, registrars and assistant registrars. Students teaching in the morning is primarily done by Faculty Members. Registrars teach students in the evening session. Students are required to complete their cards and other assessment criteria before being allowed to take the MBBS final professional examinations.

Journal Club

Journal Club Meetings is held in clinical departments once weekly and are attended by all members of the Department. Papers are read by the members of the Faculty, interns and junior doctors take part and important journals are regularly covered. Two journals of MARKS Medical College is published yearly since 2013 which has BM&DC recognition.

Seminars

Seminars and Clinical Meetings are held on a regular basis. Presentations are made by distinguished speakers from our College and also from other medical institutions in Bangladesh and outside the country.

Morning Session

Daily discussion meetings are held every morning in clinical departments with Interns, Assistant Registrars and Faculty Members. Interesting cases that were admitted the previous day are presented in detail by the Interns and the Assistant Registrars along with the Consultant on call for the day. Symptoms, physical signs, diagnosis, investigations like X-rays, ECG and laboratory tests are discussed in detail along with management plans. The Morning Session is well attended and is an excellent teaching and learning session for all.

Inpatients

This consists of non paying male and female beds, paying beds, and cabins for patients to be admitted. The College and Hospital have a well organized system of interns, Assistant Registrars and Registrars in training positions. Admission of patients cover a wide range of pathology giving excellent exposure for training of students. All admissions are covered by Associate Professors and above. Morning and evening rounds, as well as weekend rounds are conducted by them on a regular basis. In addition, they come to the Hospital when they are called even during odd hours. Patient care is supported by adequate radiology and pathology services for investigations.

Intensive Care Unit/Coronary Care Unit/ Neonatal Intensive Care Unit

The intensive Care Unit has 8 bed and critically ill patients are routinely admitted with a high percentage of bed occupancy. The ICU and the NICU often receive referrals from other institutions in Bangladesh. They are well equipped with ventilators, cardiac monitors, CVP lines and monitoring, pulse oximeter, and are staffed by physicians 24 hours a day throughout the year. Neonatal intensive Care Unit has 4 incubators and ventilator for the management of critically ill newborns.

Outpatients

The Hospital has a busy Outpatient Department. Patients may obtain consultation at a minimal charge. There is also a fast track system through which patients may be seen by a consultant on call, immediately, on payment of a higher charge.

Emergency

The Hospital has a fully functioning Emergency Department that provides coverage during the evening, night and during holidays. It has its own set of doctors who are free to seek help from other services.

THE COURSE

Name of the Course :

Bachelor of Medicine & Bachelor of Surgery (MBBS)

Basic qualifications & prerequisite for entrance in MBBS Course:

- HSC or equivalent with Science (Biology), Physics, Chemistry)
- Candidate has to secure required grade point in the SSC and HSC examinations.

Students selection procedure for MBBS course: According to merit as per national policy guidelines. Medium of Instruction : English
Duration: MBBS course comprises of 5 years followed by logbook based rotatory internship for one year.

Course structure and duration

The MBBS course is divided into four phases.

Phase	Duration	Subject	Examination
1 st phase	1½ year	Anatomy Physiology Biochemistry	First Professional MBBS
2 nd phase	1 year	Community Medicine Forensic Medicine	Second Professional MBBS
3 rd phase	1 year	Pharmacology & Therapeutics Pathology & Micro Biology	Third Professional MBBS
4 th phase*	1½ year	Medicine & Allied subjects Surgery & Allied Subjects Obstetrics & Gynaecology	Final Professional MBBS

NB: All academic activities including professional examination of each phase must be completed within the specified time of the phase.

The student successfully passing final MBBS examination will have to undergo one year internship training in the college hospital (MMCH). During internship training subsistence allowance are given to the interns.

NOTE

Anatomy includes General Anatomy, General Embryology, General histology, Head and Neck, CNS and eyeball, Systemic embryology of Head and Neck, NCS and Eyeball, Genetics, Superior and Inferior Extremities, Thorax and Abdomen, Systemic Embryology, Systemic Histology.

Physiology includes General Physical, Blood, Cardiovascular System, Respiratory System, Alimentary System, Endocrinology, reproduction System, Kidney and body fluids, Nervous System & body temperature, Special senses.

Biochemistry includes Elementary Biochemistry and Biomolecules, Chemistry of Proximate Food Principles, Nutritional Biochemistry (Macronutrients, Vitamins, minerals), Digestion and Absorption, Metabolism (carbohydrate, protein and Fat Metabolism), Molecular Biology and Genetics, Clinical Biochemistry (important diseases related investigation, methods of analytes estimation), Clinical Endocrinology.

Community Medicine includes-concept of Community Medicine, Health & Disease, Primary Health Care, Epidemiology, Biostatistics, Research Methodology, Public health nutrition, Occupational health, Environmental health, Immunity, Behavioral Science etc.

Forensic Medicine includes Medical ethics, BMDC, rights & privileges of doctors, autopsy, consent, asphyxial death, DNA profiling, wounds, pregnancy & delivery, poisoning, end life care etc.

Pharmacology & Therapeutics includes General Pharmacology, Pharmacokinetics, Pharmacodynamics, Autonomic & CNS Pharmacology, Chemotherapy, Clinical pharmacology etc.

Pathology includes General Pathology, Systemic Pathology, Haematopathology, Chemical and Clinical Pathology.

Microbiology includes Bacteriology, Immunology, Virology, Parasitology, Mycology and Clinical Pathology. Medicine includes Internal Medicine, Pediatrics, Psychiatry, Dermatology, Venereal Diseases and Physical Medicine.

Surgery includes General and Regional Surgery, Orthopaedics and Traumatology, Ophthalmology, Otorhinolaryngology, Anaesthesiology, Radiology, Radiotherapy, Blood Transfusion and Dentistry. Obstetrics and Gynaecology includes also Neonatology and Family Planning.

Eligibility for appearing in the professional examination:

- Certificate from the respective head of departments regarding students obtaining at least 75% attendance in all classes (theory, practical, tutorial, residential field practice, clinical placement etc.) during the phase.
- Obtaining at least 60% marks in examinations.
- No students shall be allowed to appear in the professional examinations unless the students pass in all the subjects of the previous professional examinations.

Pass Marks:

Pass marks is 60%. Student shall have to pass written (MCQ+SAQ+formative), oral, practical clinical examination separately.

Common Rules for Examination

- University professional to be started from May and November.
- University professional examinations will be completed within the specified time of the concerned phase.
- No carry on system before passing 1st professional examination.
- After passing 1st professional examination students can appear for 2nd professional examinations if all other prerequisites for 2nd professional examination are fulfilled. In the mean time students can attend clinical ward placement, teaching learning.
- To appear in 3rd professional examination students have to pass all the subjects of previous 2nd professional examination if all other prerequisites are fulfilled. In the mean time students can attend clinical ward placement, teaching learning. Students can also attend the classes of subjects of 4th phase.
- To appear in 4th (Final) professional examination students have to pass all the subjects of previous 3rd professional examination if all other prerequisites are fulfilled. In the mean time students can attend clinical ward placement, teaching learning.

NOTE-I

10% of written examination of each paper of each subject is allocated for formative assessment. 20% allocated for MCQ for each paper. Time allocation is 1 minute for each question consisting of 5 stems (20 questions).

NOTE-II

Honours (subject wise, securing 85% or more marks of the total in the subject) and merit positions are declared only in the cases of regular students. Irregular students have no claim over Honours declaration and Merit position declaration. Those students who pass their examinations in the scheduled time are considered as regular students.

Faculty & Doctor's List :

Maj. Gen. Prof. Dr. Md. Nasir Uddin (Retd)	Principal
Prof. Dr. Iqbal Masud Khan	Vice Principal

Department of Physiology

Dr. Afruza Khanam	Assoc. Prof.
Dr. Farhana Fatema	Asst. Prof.
Dr. Kazi Imran Hassan	Lecturer
Dr. Tanjina Mummy	Lecturer
